

Descarga e instalación de Ubuntu 9.10 Server

Descarga de Ubuntu Server

<http://www.ubuntu.com/getubuntu/download-server>

The screenshot shows the Ubuntu website's download page for the Server Edition. The page features the Ubuntu logo and navigation links for Ubuntu, Server, Cloud, Support, Community, Partners, and News. A search bar is located in the top right. On the left, there is a sidebar with a menu for 'Ubuntu Server Edition' including links for Features, Benefits, Download Ubuntu Server, Resources, Technical specifications, Technologies, and Software Catalogue. Below the sidebar is a promotional banner for 'The Ubuntu Shop' with a t-shirt icon and a link to the latest news RSS feed. The main content area is titled 'Download Ubuntu Server Edition' and includes a '1 Download Ubuntu Server CD image' step. A prominent green 'Begin download' button is labeled 'Ubuntu Server 9.10 (64-bit)'. Below the button, a 'Download location' dropdown menu is set to 'Spain'. Under 'Alternative download options', there are two sections: 'Choose a version' and 'Choose the architecture'. In the 'Choose a version' section, the 'Download Ubuntu 9.10 Server' option is selected, with a description: 'This is the latest version, released in October of 2009 and maintained until 2011'. The 'Download Ubuntu 8.04 LTS Server' option is also visible, with a description: 'Released in April 2008 and maintained until April 2013 - ideal for large deployments'. In the 'Choose the architecture' section, the '64-bit version' is selected, with a description: 'This version is suitable for server configurations'. The '32-bit version' option is also visible, with a description: 'Please ensure your server requires this option'. To the right of the main content, there is a 'You may also want to...' section with links to 'Use Ubuntu on Amazon EC2 without downloading any software', 'Learn more about Ubuntu Server', 'Learn more about Ubuntu Cloud', 'View technical documentation', and 'Get support and training'.
