

The image shows the ASUS M4A89GTO PRO motherboard. It features a black PCB with blue components. Key features include:

- Processor:** An AMD Phenom II X3 processor is mounted in the center.
- Memory:** Four DDR2 memory modules are installed in the DIMM slots.
- Expansion Slots:** Multiple PCI Express slots are visible, including a full-length slot with a blue heatsink labeled 'HYBRID TECHNOLOGY'.
- Connectivity:** The motherboard includes SATA 6Gb/s ports, USB ports, and a FireWire port.
- Branding:** The ASUS logo and 'M4A89GTO PRO' model name are printed on the board.
